

Statement from the director of the Institute of ITAM CAS

The Institute of Theoretical and Applied Mechanics of the Czech Academy of Sciences accepts the evaluation for the period 2015-2019 without comments or objections of consequence.

We hereby declare that the course of Phase II of the Evaluation was consistent with the Methodology of the Evaluation of the research and professional activity of research-oriented institutes of the Czech Academy of Sciences for the period 2015-2019.

We appreciate the Commission's effort toward an objective description and conclusion. The Institute accepts and intends to act according to the recommendations to strengthen its position in the national and European research area within the field of its major disciplines. At the same time, the Institute aims to rectify the noted weaknesses and avoid the indicated threats in order to improve its overall scientific performance.
